

CORE SERVICES

As an EPC (Engineering, Procurement, Construction) turn-key solution provider, Life Energy provides a complete end to end experience.

Design
Engineering

Consultancy

Project
Management

Site survey and
energy auditing

Site
optimization

Leading
technology
supply

Solution
installation &
integration

Operations &
maintenance

Real-time
remote
monitoring

ADVANTAGES OF RENEWABLE ENERGY GENERATION AND ENERGY EFFICIENCY FOR RESIDENTIAL

INCREASE THE VALUE OF YOUR HOME

Renewable energy installations increase the value and appeal of your home when it comes time to sell. Environmentally aware buyers will be looking for homes that meet their requirements and may be willing to pay more for a home that already has energy generation technology as well as energy efficiency solutions installed.

PROTECT AGAINST RISING ENERGY COSTS

Residential renewable energy solutions protect your home and family against rising energy costs. By installing solar power, you are locking the cost of energy to a below-market rate and safeguarding against price increases for the next 25 years.

BECOME MORE ENERGY INDEPENDENT

You become more energy independent when you install renewable energy solutions to your home. You can enhance your energy independence by installing energy efficient LED light bulbs and purchasing energy efficient appliances that use less power.

EASY TO INSTALL AND LOW MAINTENANCE

The average home renewable energy installation takes less than a day to install. It requires minimal disruption to the home and the family. With no moving parts, residential solar systems require almost no maintenance compared to other forms of power generation and produce zero noise pollution.

ENERGY SOLUTIONS

RENEWABLE ENERGY GENERATION

- On-Grid and Off-Grid Solar Photovoltaics
- Wind Generation
- Hybrid Systems
- CPV - Concentrated Photovoltaic
- CSP - Concentrated Solar Power

ENERGY EFFICIENCY SOLUTIONS

- Building Energy Management systems
- Energy saving HVAC devices
- High-tech Thermal Barrier coatings
- LED technology
